Georgia Fine named Sekuworks new Controller

Georgia Fine has joined Sekuworks LLC as Vice President Finance, Controller. Sekuworks, a brand protection high security printer, will benefit from Ms. Fine’s diverse systems, financial and plant management experiences. “We’re very pleased to have Georgia on board,” says Bob Spiller, Sekuworks President & CEO. “She’s been on my team in the past and ranks among the best manufacturing leaders I have worked with!”

Ms. Fine has 22 years experience in printing, extrusion and gravure coating in the Flexible Packaging industry. She has held management positions in all aspects of the business including Customer Service, Production Planning, Graphics, Purchasing, Accounting and Manufacturing.

Most recently she held the position of Plant Manager for Graphic Packaging International (NYSE:GPK), Flexible Packaging plant in Portland, OR with direct responsibility for 220 employees including manufacturing and all administrative functions. Under her leadership the facility improved performance in safety, production efficiency, process control, quality and profitability. Ms. Fine has a BBA, major in Accounting from the University of Portland.

Sekuworks, headquartered near Cincinnati, Ohio, is a NASPO Class One Certified full service global brand protection company. The Sekuworks innovative vision for brand protection solutions includes products and services that allow a collaborative approach to protecting the brand owner’s products from counterfeiting and diversion. . A true security printer, Sekuworks Sekuweb™ Secure Document Print System, integrates multiple security printing technologies, including intaglio, die-cutting, holographic application, rotary screen printing, numbering and placement of variable data in a cost effective single pass process. Our maximum-security facility and project tracking system are unmatched in their ability to assure the highest level of accountability to customers around the world.
